Defendant

← AMENDMENT TO COMPLAINT →

A 42 U.S.C. § 1983 Civil Action was filed by the Plaintiff And the Plaintiff wishes to amend to the complaint. In accordance with the Federal Rules of Civil Procedure, and the directives contained in these rules. As to Leave to Amend and the Plaintiff Request's, That the Court receive this pleading and admit this pleading into the above Civil Action as evidence of the alleged allegation's. Against the defendant's named in this action. As I Quoted in the prior complaint, As to the ruthlessness of the defendant's. And that they were going to retaliate, because of the Plaintiff me filing the present complaint. These officers think that they are judge, jury, and executioner for the State of Alabama. When they are mentally sick individual's given authority that they so readily abuse. Again the Plaintiff is writing the Court Requesting a transfer for my protection from harm. Only because I am standing

UP for My Constitutional and Civil Rights. Any day now the Retaliation against the Plaintiff will become a Reality. I have a STATE OF ALABAMA Mental Health Treatment Counselor. Mrs. Michele P. Taylor whom will, Testify as a witness, of Having Knowledge that the Administrative staff and other officers, Here at Frank Lee Youth Center, Are conspiring to Deprive the Plaintiff of his Civil Rights. The Defendants are carrying out their plot, to violate and cause harm to the Plaintiff in and undetectable way. I am being stalked by officers constantly. They have orders from the conspirators. The above named witness will testify, under oath as to what manner. The defendant's are conspiring to proceed with. This is a serious plot, for which. I am requesting the Court intervene and provide me with federal protection immediately. Also I request that the Court call the Treatment Counselor Michele Taylor immediately to verify these allegations are true. (334) 290-3204. While this evidence is available. I the Plaintiff am under much stress due to this matter. And I cannot proceed with the legal directives clearly, of the Court's orders. And I request and extension of time to comply if there be any's, on the plaintiff's behalf. All due to the constant pressure and concern for my safety. This is hindering me responding effectively because of this environment. Where I am constantly harassed, and on guard against officers whom might attempt to deprive me of my Civil Rights on behalf of their colleagues. Because they themselves think prisoners should be deprived and mistreated as part of punishment. Please allow the plaintiff some protection from, or transfer the plaintiff before these plots are carried out. These officers get their way without being held accountable for the wrong's they do. It's a pattern of practice of depriving prisoners of their Civil Rights. And then covering the truth up. I am asking the Court to not

Just set idle, and allow these defendants to just do as they please to prisoners. After all I am an Honorable Discharged UNITED STATES Marine, I served in the ALABAMA National Guard in a period of 14 years. I've done my duty to protect this Nation; When I served and I don't deserve this kind of punishment for a non-violent crime in my latter days. This remind me of the separation in our country today.

Sincerely,
Calvin G. Lee #152056
